PRODUCT SPECIFICATIONS & TECHNICAL DATA

ATF TYPE A

Petro-Florida Type A ATF is for service as an add on fluid for use in older transmissions calling for Type A ATF performance. Type A is suitable for top off only in transmissions calling for Dexron or Mercon. Will mix with fluids in transmissions calling for Dexron or Mercon Fluids as top off only.

Type A Automatic Transmission Fluid is blended from high quality base oils and is recommended for use in automatic transmission requiring Type A Fluid. Type A is an economical fluid and is recommended for use in older transmissions where leakage and consumption may be a problem. A red dye is added to help detecting leaks by differentiating transmission fluids from other automotive fluids.

Always consult your owner's manual for the proper automatic transmission fluid recommendation.

TYPICAL ANALYSIS

Gravity API	30.0
cSt @ 40° C	38
Flash Point	360+
Pour Point	-60
Color ASTM	RED
